Limited Review Report on unaudited standalone financial results of Hindustan Unilever Limited for the quarter ended 30 June 2022 pursuant to Regulation 33 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

#### To the Board of Directors of Hindustan Unilever Limited

- 1. We have reviewed the accompanying Statement of unaudited standalone financial results of Hindustan Unilever Limited ("the Company") for the quarter ended 30 June 2022 ("the Statement").
- 2. This Statement, which is the responsibility of the Company's management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. Our responsibility is to issue a report on the Statement based on our review.
- 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
- 4. Attention is drawn to the fact that the figures for the three months ended 31 March 2022 as reported in these unaudited standalone financial results are the balancing figures between audited figures in respect of the full previous financial year and the published year to date figures up to the third quarter of the previous financial year. The figures up to the end of the third quarter of previous financial year had only been reviewed and not subjected to audit.

5. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with applicable accounting standards and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

#### To the Board of Directors of Hindustan Unilever Limited

- 1. We have reviewed the accompanying Statement of unaudited consolidated financial results of Hindustan Unilever Limited ("the Parent"), and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group") for the quarter ended 30 June 2022 ("the Statement"), being submitted by the Parent pursuant to the requirements of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('Listing Regulations').
- 2. This Statement, which is the responsibility of the Parent's management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
- 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the following entities:

Name of the entity	Relationship
Unilever India Exports Limited	Wholly owned subsidiary

Levers Associated Trust Limited	Wholly owned subsidiary
Hindlever Trust Limited	Wholly owned subsidiary
Hindustan Unilever Foundation	Wholly owned subsidiary

- 5. Attention is drawn to the fact that the figures for the three months ended 31 March 2022 as reported in these unaudited consolidated financial results are the balancing figures between audited figures in respect of the full previous financial year and the published year to date figures up to the third quarter of the previous financial year. The figures up to the end of the third quarter of previous financial year had only been reviewed and not subjected to audit.
- 6. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review report of other auditors referred to in paragraph 7 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
- 7. We did not review the interim financial information of one subsidiary, Unilever Nepal Limited, included in the Statement, whose interim financial information reflects total revenues of Rs. 131 crores, total net profit after tax of Rs. 51 crores and total comprehensive income of Rs. 51 crores for the quarter ended 30 June 2022, as considered in the unaudited consolidated financial results. This interim financial information has been reviewed by other auditors whose report has been furnished to us by the Parent's management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is based solely on the report of the other auditors and the procedures performed by us as stated in paragraph 3 above.

Our conclusion is not modified in respect of this matter.

19% Turnover Growth, 6% Underlying Volume Growth, 11% Profit After Tax Growth

Mumbai, 19th July 2022: Hindustan Unilever Limited announced its results for the quarter ended 30th June 2022.

#### June Quarter 2022: Robust performance in a challenging environment

During the quarter, our Turnover grew 19% with Underlying Volume Growth of 6%. We continued to grow significantly ahead of the market, gaining value and volume market shares1. EBITDA margin at 23.2% remained healthy despite unprecedented inflationary headwinds. Profit After Tax before exceptional items (PAT bei) grew 17% and Profit After Tax (PAT) grew 11%.

#### Home Care: Stellar performance continues

Home Care delivered 30% growth driven by strong performance in Fabric Wash and Household Care. Both categories grew in high double-digits with all parts of the portfolio performing well. Liquids and Fabric Sensations continued to outperform driven by effective market development actions. Calibrated price increases were taken across Fabric Wash and Household Care portfolios as input cost continue to inflate at significantly high levels. During the quarter Comfort Delicates was launched which is specially made for delicate clothes.

#### Beauty & Personal Care: Strong growth ahead of the market

Beauty & Personal Care growth of 17% was broad based. Hair Care grew in high double-digit led by strong performance in premium portfolio. Soaps delivered price-led double-digit growth driven by strong performance in Lux, Dove and Pears. Skin Care and Color Cosmetics delivered strong YoY growth on a soft base. Premium portfolio in Skin Care performed well and is significantly ahead of pre-Covid levels. Calibrated pricing action were taken across the portfolio to offset the impact of record inflation in input costs. During the quarter, Tresemme's Hair Care range 'Pro Pure', Baby Dove Derma Protect Baby Wash, Vaselines's summer range of body moisturisers and Lakme's Facial Foams were launched.

#### Foods & Refreshment: Steady performance on a high base comparator

Coffee had a strong quarter growing in double-digit. Health Food Drinks continued to gain market share and penetration on the back of focused market development actions. Foods grew in double-digit led by Jams. Unilever Food Solutions delivered a solid performance and continued to build its salience with professional chefs.

#### Operating margins remain healthy

EBITDA margin at 23.2% remained healthy despite the unprecedented inflation in input costs. YoY EBITDA margin declined 110 bps. PAT (bei) was up 17% YoY. PAT at Rs 2,289 Crores was up 11% YoY. The difference between PAT (bei) and PAT growth is largely due a one-off prior period tax credit we had in base period. We continue to manage our business dynamically driving savings harder across all lines of P&L and taking calibrated pricing actions using the principles of Net Revenue Management. We continue to invest competitively behind our brands.

Sanjiv Mehta, CEO and Managing Director commented: 'In an environment which remains challenging, marked by unprecedented inflation and consequential impact on consumption, we have delivered yet another quarter of robust topline and bottom-line performance. We have grown competitively whilst protecting our business model by maintaining margins in a healthy range. While there are near term concerns around inflation, the recent softening of commodities, forecast of a normal monsoon, and monetary/ fiscal measures taken by the government augur well for the industry. We are confident of the medium to long term prospects of the Indian FMCG sector and remain focused on delivering a Consistent, Competitive, Profitable and Responsible growth.
