Outlook

Sensitivity: Public

Hindustan Unilever Limited

Commodities up sequentially, higher cost impact to P&L in SQ

Commodities market remain elevated

Sequentially more inflation in SQ'22

Continue to drive productivity improvement and take calibrated pricing actions

Outlook

❑ **Operating environment**

- Growth to be price-led in the near-term; Inflation to continue impacting consumption
- With most commodities remaining elevated and consumption of higher cost pipeline inventory, SQ P&L will see more inflation than JQ and margins will remain under pressure
- Softening of some commodities to positively impact sequential margins from DQ'22 onwards

❑ **Our priority is to grow consumer franchise and protect our business model**

- Savings and calibrated pricing actions
- Invest in our brands and long-term strategic priorities
- Confident of outpacing the FMCG market

Our focus remains on delivering Consistent, Competitive, Profitable and Responsible Growth

In Summary

1. Strong start to the year: Topline growth 19%, EPS growth 11%
2. Business winning shares >75%
3. Healthy EBITDA margin at 23.2%, despite significant inflation
4. In the near term, growth to be price-led
5. SQ margins to remain under pressure; sequential improvement from DQ onwards
6. Focus on delivering consistent, competitive, profitable, and responsible growth
